Pierce College Theater - Lakewood, Washington
Black Box Studio Theater

PLA Scope:

Assembly Space Consulting

Catwalks

Draperies

Stage Lighting

Dimming and Lighting Controls

Chain Motor Hoists

Project Notes:

The new Black Box Theater was one of the major features of a renovation of Pierce College. This project was especially challenging as the theater had to remain open and usable throughout the two phases of renovation spanning over two years.

PLA Designs was proud to serve as Theater Consultants for McGranahan Architects of Tacoma, Washington.
